EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 7, line 2, insert --additional-- before "comprising" and at the end of the claim, insert -- and the compound of the formula IIa-IIg is not identical with the compound of the formula I--.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The present claims differs from the references cited in the previous Office action and pto-892 herewith in that the references fail to disclose the compound of formula I having at least 18% by weigh in their claims. Therefore, there is no obviousness-type double patenting over the references claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
